APPLICATION

Amiron home is an open designed stereo headphone and therefore ideal for music enjoyment at home. Due to the open design Amiron home turns the living room into a concert stage and fascinates through an excellent accuracy in detail. Due to the optimised Tesla technology Amiron home provides an even more precise sound tuning.

The use of high-quality materials such as Alcantara microfibre and microvelour ensures ear and headband pads as soft as velvet and contributes to a good feeling when listening to music.

As all high end headphones from beyerdynamic Amiron home is "handmade in Germany".
